International Summer Program 2011

Dear Sir/Madam,

It is my pleasure to provide you with information about the **International Summer Program 2011** of the Sommerhochschule of the University of Vienna.

Since the founding of the Sommerhochschule in 1949, one of our most important aims has been to offer students from all over the world the **opportunity for cultural and academic exchange**. Up to 100 participants from over 30 different nations contribute to the intercultural aspect of the Sommerhochschule every year.

The International Summer Program is located in Strobl in the Salzkammergut region, one of Austria's most attractive summer vacation areas.

The four week program offers **European Studies** courses in the morning and **German Language** courses in the afternoon. The European Studies courses focus on the emerging New Europe. They cover political, economic and legal, but also historical and cultural aspects of the multiple transformations the continent is currently undergoing.

Having seen the academic program of your university, we believe that the courses offered at the Sommerhochschule would complement your university's course offerings perfectly.

The unique Strobl experience is enhanced by an **extensive extracurricular program** such as sports courses, dance evenings, mountain hiking, and excursions to Salzburg, St. Wolfgang and the Ebensee Concentration Camp Memorial.

Enclosed you find the **information brochure with the application material** as well as the **poster** for summer 2011. We would appreciate it if you could put up the poster in a place where interested students can get the information.

Please do not hesitate to contact the office of the Sommerhochschule if you have any questions. It will be my pleasure to be of your assistance or to provide you with additional brochures, folders, or posters if requested.

Yours sincerely,

Nina Gruber
