

## Стипендије Технолошког института у Монтереју (Мексико)

Обавештавамо вас да је Технолошки институту у Монтереју (кампус у Мексико Ситију) Универзитету у Београду понудио две стипендије за семестар јануар-мај 2011. године. Стипендија покрива трошкове школарине, смештаја и исхране, док је обавеза студента да покрије путне трошкове и трошкове међународног здравственог осигурања током наведеног периода. **За стипендије могу конкурисати студенти следећих факултета Универзитета у Београду: ЕТФ, ФОН, ФПН, Машински и Економски факултет.**

Основни услови које кандидати морају да испуне су следећи:

1. Кандидат мора имати просек оцена најмање 8,5
2. Лидерске способности
3. План истраживања у одговарајућој области
4. Предност ће имати кандидати на последњој години основних студија

Кандидати такође морају имати препоруку, а уз пријавни формулар, попуњен и потписан, морају приложити и списак положених испита. Напомињемо да је сву документацију потребно превести на енглески језик.

За евентуална питања можете се обратити Одељењу за међународну сарадњу Универзитета у Београду.

Рок за достављање пријава Универзитету у Београду, Студентски трг 1, је најкасније 05. новембар 2010. године.

DE MONTERREY**

## **Central and Eastern Europe Project**

### **INVITATION**

In order to strengthen relationships between the Tecnológico de Monterrey and your prestigious institution, we inform the following:

#### ***Tecnológico de Monterrey, Mexico City Campus offers:***

Two university scholarships per semester (preferably one for female and one for male) for the semester of January-May 2011. The scholarship covers tuition and subsistence (lodging and food). The student will cover the cost of transportation and the international medical insurance.

#### ***Conditions for granting scholarship:***

- Minimum average of 85
- Leadership skills (extracurricular activities)
- Present a draft in particular areas of society, technology or business.
- Preferably studying the last semesters of their career.

#### ***Admission requirements:***

Application signed by the student and a transcript sealed by the institution. This information can be scanned and will be received at the time of the arrival of the student. The process of applying for acceptance as an international student can be found on the following links:

Application process in Spanish: <http://www.ccm.itesm.mx/internacional/solicitud1.html>

Application process in English: <http://www.ccm.itesm.mx/internacional/apply1.html>

The student must process the FM3 visa before entering Mexico.

### **Annex to call:**

1. Students can choose from, at least 3 and 6 at most, different courses (in English or Spanish). These courses must first be approved by their home university for the purpose of revalidation attached to their academic program.
  - Application process in Spanish:  
<http://www.ccm.itesm.mx/internacional/solicitud1.html>
  - Application process in English:  
<http://www.ccm.itesm.mx/internacional/apply1.html>
  - Courses in English: <http://www.ccm.itesm.mx/internacional/programs.html>
2. The project to develop may be in the area of the student's preference (social, technological or business). The objective of the project must be related to support Mexico's approach to their country of origin in the selected area. All the projects have to be focused on business opportunities. It should present a draft for submission to the review and approval of the academic committee of the Tecnológico de Monterrey.
3. Costs and expenses:
  - Tecnológico de Monterrey grants a tuition scholarship for a semester.
  - Tecnológico de Monterrey will provide a monthly fee (5,000 mexican pesos) to students to cover accommodation and meals.
  - Airline tickets (transportation), the processing of student visa, an international medical insurance and personal expenses will be covered by the student.

4. Accommodation:

- Tecnológico de Monterrey, Campus Ciudad de Mexico, has a list of hosts where students will be assigned based on their own profile and the profile of the host family.
- Students can choose the option to search for accommodation on their own. In this case, they will be provided by e-mail a list of apartments available around the campus, which meet the requirements of the Tecnológico de Monterrey.

5. Students have free access to all campus facilities.

- Students can register up to 3 sports and 3 cultural activities.
- Access to Transportec service:  
[http://www.ccm.itesm.mx/dpf/transportec/m\\_salidas.html](http://www.ccm.itesm.mx/dpf/transportec/m_salidas.html)

6. In case of having laptop, it is recommended to bring it to Mexico.
